## WHEN PARENTS CONNECT

with one another, learn to understand their child's unique needs, and are offered helpful supports and resources, they are better equipped to raise healthy, happy kids. Sprout is here to lift up children and parents together! And we could not do this without the many hands of our donors, funders, partners, and all champions of children who continue to support our efforts to reach more families.

With Thanks,

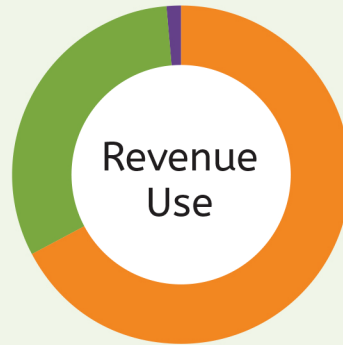

*Jill Lush*, Executive Director  
*Susie Amundson*, Board President
