SPROUT Annual Report

2020

2020 has been a year of change for everyone and certainly, we have had to adapt at Sprout. Thank you for your commitment to stand by our side this past year as we transitioned to 100% virtual services in March. We have had ups and downs, but together, with your support, we have accomplished a lot. This year gave us a reinvigorated mission, vision, and core values that we used as we engaged in, and celebrated, new coalition collaborations, a fully staffed team working with compassion, and lots of meaningful connections through a computer screen. We look forward to growing our impact as we support children and their families and continuing to transform our community for many years to come!

“Getting diapers from Sprout makes a big impact in my family, it saves money that I can use for food or rent, electric, or something else for my kids. I’m very thankful.”

“Sprout has given our family one of the best gifts, evidence-based parenting support, education, and a friendship. Without the parenting workshops we would be struggling more on how to communicate effectively and build a healthy connection with our children.”
